How Bad Backs Have Been Made Strong
—Kidney Pills Corrected.

All over Norway you hear it. Doan's Kidney Pills are keeping up the good work. Norway people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys act too frequently, or passages are painful, scanty and of color, use Doan's Kidney Pills, the remedy that has helped so many of your friends and neighbors. Follow this Norway citizen's advice and give Doan's a chance to do the same for you.

E. C. Libby, Sanborn St., says: "I had backache a great deal and it annoyed me to do anything. My head ached frequently. I also noticed little specks before my eyes and my sight blurred. I used various medicines, but it was left for Doan's Kidney Pills to give me lasting results. Since using them, I have had no return of the complaint and I have great confidence in Doan's."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Libby had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

CHILD ALMOST DEAD

GRANDMOTHER SAVES LIFE
Roxbury, Mass. A grandmother in Roxbury writes: "I put great faith in your medicine, and one of my granddaughters was dying. I said she could not live until morning and I ran out to the drug store and got a bottle of Dr. True's Elixir. She so excited I gave her the half of the bottle at once and at night I gave her the other half. I thought it's either kill or cure for the doctor says she is dying away, but she did not die. She went to sleep, the first sleep for a week, and the next morning she passed a stool, red in color, six inches long. The doctor came to see. He said she was dead, but he ran out pretty quick, as she was sitting in her chair eating a bowl of oatmeal and milk. That was twenty-four years ago, and now she has a baby girl of her own seven months old, who is also using Dr. True's Elixir." (Name on Request).

Constipation, headaches, tired feeling, weakness, spots before the eyes, bad breath, sleeplessness, irritability, dizziness, and many other signs of sickness, can be relieved, if you take the prescription known as Dr. True's Elixir. The Family Laxative and Worm Expeller. It has done much for sick people, men, women and children, ever since 1851, over 65 years' reputation.

HEART'S-EASE

It's the name of the modest violet.
That has charms ev'ry care to dispel.
As a rift in black sky appearing.
Lifts the heart from despondency's spell.

Like the violet's charms and its magic,
Like a rift in an ebony sky,
Is a smile on the face of the suffering
Lifting friends standing by.

All heartsease I gazed on an infant
In the throes of a cruel disease,
When he, it smiled through his anguish,
Soul soothing like magic heartsease.

A mother was wheeling her baby
Looking careworn and weary one day,
She smiled me a greeting in passing,
It was heart's-ease in magic display.

At bedside where death's angel hovered
Death's terrors I strove to appease,
But a smile o'erspread the wan features,
Bringing comfort like gentle heartsease.

Imagine Baking Day in a COOL Kitchen

Cakes that are light and fluffy—crisp brown cookies—pies done to an even brown—can be baked without standing over a hot stove or stooping down to open an oven door.

The New Perfection Oil Cook Stove gives you all the cooking comfort and convenience of a gas stove. Instantaneous heat directly applied against the cooking utensil by means of a long, blue chimney—heat that can be controlled for any kind of cooking by a turn of the handle.

The oven on this stove is scientifically constructed to circulate fresh, hot air over and under the baking food in the oven. This current of air assures an intense, even baking heat and at the same time drives out the steam and prevents sogginess.

3,000,000 users get three square meals daily with little effort on the New Perfection Oil Cook Stove. Obtainable in one to four burner sizes.

FUMIGATE NOW

Every Room—It's the Vital Part of Housecleaning

Every room in every home should be fumigated in the spring, but especially the bedrooms.

Germ accumulate in winter. Every cough or sneeze emits them. They lodge where sunshine cannot reach them in draperies, rugs, bedding, crevices and clothes.

Cleaning does not end them. The way to destroy them is with formaldehyde gas, so used as to permeate everywhere.

Not Clean Without

Rooms are not clean without this fumigation. It is just as important in the home as it is in Pullman cars. Danger lurks in germs.

This is important in every home after the shut-in months. But it is doubly important when you move to a home which other folks have occupied. Do your own fumigation, then you'll be sure about it.

Easy and Not Costly

The B & B Formaldehyde Fumigator makes this protection easy. You simply light the wick. Formaldehyde gas does not injure furnishings or fabrics. It injures only living things, like germs. Remove just the living plants.

Open the beds and closets so the gas can penetrate. Light the fumigator, shut the doors and windows, and let the germ-destroying gas remain a few hours.

Then open the windows and note how clean the room seems. And it is.

Be sure to get the B & B Fumigator, for it conforms with Government standards. Fumigation is too important to be inefficient. The cost is slight.

Vermont Man Has Gained 15 Pounds

After Ten Years Of Trouble Is Restored To Perfect Health By Tanlac

"Since I have taken Tanlac I am not only free from my troubles of ten years standing, but I have also gained fifteen pounds in weight," said Henry Pelletier of 26 East Allen St., Winooski, Vermont, a few days ago.

"I had been bothered so long with indigestion that I had lost my appetite almost entirely and sometimes even the sight of food would turn my stomach," continued Mr. Pelletier. "I was troubled with terrible cramps and my heart would palpitate so bad it looked like I would choke to death. I could never get any rest or sleep to amount to anything. I would become so nauseated after I went to bed that I could not retain what I had eaten and I would have to get up several times during the night. After I did get to sleep I would have terrible dreams the rest of the night, and through the day I was subject to awful dizzy spells. Of mornings I felt so tired out that I would never take a bite for breakfast. I was about fifteen pounds under weight and was so weak that my work was too hard for me and I had to change to lighter work."

"I was very discouraged when I began taking Tanlac because I had taken so many different medicines and got no relief. But Tanlac showed its merit right from the start and by the time I had finished my third bottle all symptoms of my troubles had disappeared. My digestion could not be better and I have such a fine appetite that I am almost ashamed of the way I eat. I am not bothered with cramps any more, and my heart action is normal and my breathing easy and easy. I don't have any trouble retaining everything I eat and I have gained back all my lost weight, fifteen pounds. After a good night's rest I get up every morning ready for my breakfast and go to my work feeling just fine. Dizzy spells never trouble me at all, in fact, I am in as good health as I could want and I owe it all to Tanlac."

Tanlac is sold in Norway by A. L. Clark Drug Co., in West Paris by S. T. White, and by O. H. Haskell, Sweden, R. F. D. from Harrison.

What The Critics Say:

The Critics Say—
Famous morality play "Everywoman" is made into impressive motion picture. Paramount-Artcraft gives it a magnificent production and a really remarkable cast, which includes Violet Heming, Wanda Hawley, Theodore Roberts, Raymond Hatton, Tully Marshall and a dozen other real artists in minor roles—George Melford triumphs as director... by far the strongest photoplay that has been released in New York in a long time. It is the "truth," it is the "life."—Oedric Welles in the NEW YORK REVIEW.

The Critics Say—
"Everywoman" should eclipse in screen form the notable success it made as a stage spectacle, George Melford, directing a cast which reads like a directory of stars, has made the transposition without loss, indeed, with profit.—EXHIBITORS' HERALD AND MOTOGRAPHY.

The Critics Say—
The play was decidedly a success and the film shows every indication of being as popular as the stage. Many of the scenes are pleasing to the eye because of the charming outdoor scenes and the fashion show of frocks.—N. Y. GLOBE.

THIS SPRING TAKE

Hood's Sarsaparilla—A Good Blood-Purifying Tonic Medicine.

It is a medicine in which the people can and do have entire confidence as pure, clean and safe.

All the claims made for it are justified by the testimony of the gratifying results attending its use in a multitude of cases of scrofula, eczema, or salt rheum, psoriasis, blood-poisoning, catarrh and rheumatism, and of loss of appetite, tired feeling, and low or run-down conditions common in the spring.

It is not adulterated; it is not misbranded, but honestly labelled. It originated in a physician's prescription and is recommended and used by many physicians today.

It has a record of nearly 50 years of wonderful success.

"Hood's Sarsaparilla" makes food taste good. Get it today and begin taking it at once.

If you need a mild laxative or cathartic, take Hood's Pills.

MR. PERHAM'S STATEMENT

To the Republicans of Oxford County:
In reply to inquiries from interested parties who have the right to know, I wish to make the following statement: I believe that the people have a right to know the attitude of candidates on all important questions. We all realize that the business of the country must be done by large combinations of capital in order to do it economically and efficiently. I believe that these corporations should be run for the benefit of the State and the people, and not the State and people run for the benefit of the corporations. No one objects to capital having liberal returns for every dollar honestly invested. I believe that our natural resources should be developed, the business interests of the State of Maine and through this development will come benefit to all the people of the State.

I believe that conditions are about ripe for great business development in our State. The high price of labor, our mines, the high cost of transportation and the uncertainty of a regular supply of coal for industrial purposes, even at exorbitant prices, makes our unlimited and constant supply of electric power, under proper development and reasonable rates, look good to manufacturers. If we keep a steady hand with our electric power, the business will come to the power, instead of the power going out of the state to the business; and I believe that every possible safeguard should be employed to secure this end.

I believe that it is our duty to look after the interests of our State, just as I believe that it is the duty of the people to look after their own interests, which are always identical with the best interests of the State, and to see that men are nominated for office who represent their interests and will safeguard them in our legislature.

I have no quarrel with our corporation interests, which are now as always, seeking to have men nominated for office who represent them and can be relied upon to defend them and to vote for their interest. This is the consistent thing for them to do from a purely business standpoint, and it is just as consistent for the farmers, the merchants, the mechanics, the mill-workers and, in fact, the men who are doing the actual work of the State to seek the nomination of men who represent them and can be depended on to defend them and to vote for their interests. This is but a common sense business proposition on both sides, and if the common people who have an overwhelming majority of the votes, allow the other fellows to nominate the candidates in June, we must vote for them in September, for we shall have no right to complain as there is no one but ourselves to blame for it.

Personal friendship, local pride, and the "Good Fellow" proposition are always worked over-time to make the voter forget his own interests and his duty to his party and his State in nominating candidates for office.

I am a farmer and represent the average citizen of Oxford County. I am under no obligation to any interest except the interest and welfare of the common people, which must always depend on the business prosperity of our County and State.

To this end I pledge my best and undivided efforts.

Yours very truly,

George W. Q. Perham.

Some people are veritable geniuses in making life disagreeable for others, and they find the pastime so pleasing they never think of taking a reef in their sails.

Popular opinion is popular only so far as it is satisfactory to the object.

IT'S ECONOMY

To Get Good Quality

Everybody knows clothing as well as everything else is high priced; the worst of it is, there doesn't seem to be any relief in sight. Workers in every industry are asking for increased wages; everything is costing more.

We've felt that our duty was to keep clothing costs down as low as we possibly could; we've been doing it by having nothing but fine all wool clothes; clothes that will save because they last longer; we priced them very close.

We're selling clothes on a closer margin of profit than ever before. We're doing our best to keep prices down and still "get by" and go on doing business.

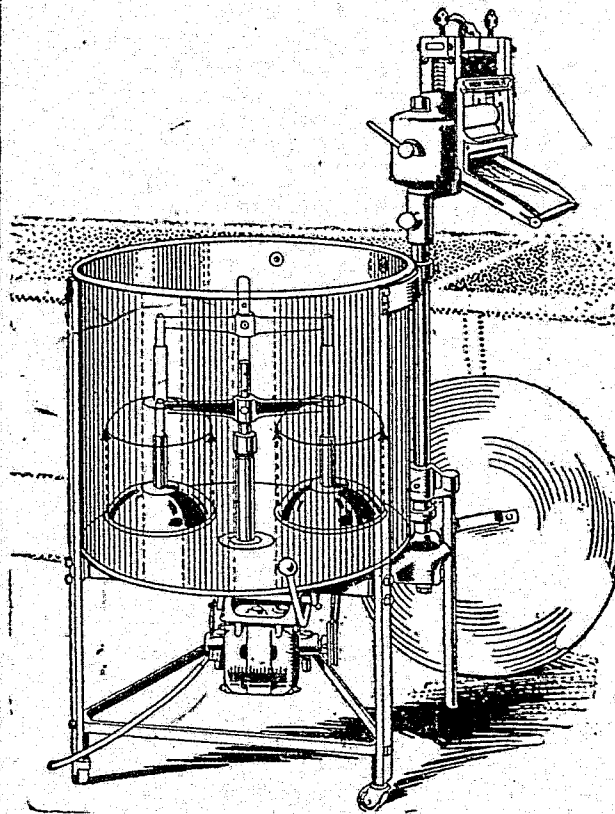

Suits at \$40 to \$60
that will save you
money.

FAINTING AND DIZZY SPELLS

The Cause of such Symptoms
and Remedy Told in This
Letter.

Syracuse, N. Y.—"When I com-
menced the Change of Life I was poorly,
had no appetite and
had fainting spells.
I suffered for two
or three years be-
fore I began taking
Lydia E. Pinkham's
Vegetable Com-
pound and the Liver
Pills which I saw ad-
vertised in the
papers and in your
little books. I took
about two bottles
of your Vegetable
Compound and found it a wonderful
remedy. I commenced to pick up at
once and my suffering was relieved. I
have told others about your medicine
and know of some who have taken it.
I am glad to help others all I can."
Mrs. R. E. DING, 437 W. Lafayette
Ave., Syracuse, N. Y.

While Change of Life is a most criti-
cal period of a woman's existence, the
moving symptoms which accompany
it may be controlled, and normal health
restored by the timely use of Lydia E.
Pinkham's Vegetable Compound.

Moreover this reliable remedy con-
tains no narcotics or harmful drugs and
owes its efficiency to the medicinal ex-
tracts of the native roots and herbs
which it contains.
